

PHARMACIST CONTRIBUTIONS

- ◆ iOS
 - ◆ Android
- Error → Make Intervention → Update

Benefits:

The pharmacist contribution App is an easy and user friendly way for pharmacist to fill in a contribution form. The App allows pharmacists to avoid the old fashioned paper forms, and review their previous contributions, all in their own personal mobile phones.

Key Features

- ◆ Responsive UI.
- ◆ Database for contributions
- ◆ Secure login page
- ◆ Ticking boxes questions
- ◆ Free text questions
- ◆ Easy to scroll through questions

How does it work?

The screenshots show the app's home screen, a contribution form, and a history tab.

- Home Screen:** Shows "12:34 PM" and "100%". Buttons for "New" and "History".
- Contribution Form:** Shows "12:34 PM" and "100%". Fields for "Pharmacist/Technician Name", "Date", "Date of Admission", "Patient Initials", and "Ward/Area/Clinic". A "Speciality" section with checkboxes for Medicine, Surgery, Chemotherapy, Women and Children, Critical Care, and Clinical Trials. Buttons for "Login" and "Register". A "Forgot Password" link.
- History Tab:** Shows "12:34 PM" and "100%". Buttons for "New" and "History". A message: "An easy way to fill in and review your contributions".
